What is the Staying in Place Program?

The Staying in Place Program is an innovative community approach that is making it possible for older people in rural and regional areas of Western Australia to stay living in their own home, in their own community.

It is a model that draws on 'locals supporting locals' through coordination from a local group and oversight of an approved aged care provider.

The Bruce Rock Community Resource Centre (BKCRC) has partnered with InCasa Country to bring this offering to seniors in Bruce Rock and the surrounding regions.

Our community needs you!

- **Do you enjoy helping others?**
- **Are you looking for some work within the Bruce Rock area?**
- **Do you have any skills that our local community could benefit from?**

To enable the services required by older residents in our region, we are looking for people who have skills and experience in a variety of work, industries and interests.
